Dear Educator,

Mandarin Museum is now scheduling field trips for the 2023-2024 school year! Our field trip program is designed around Florida State Standards for Social Studies, Science, and Visual Arts. We tailor each experience for every grade level, Kindergarten through 5th grade.

Our specially trained volunteer tour guides will take students throughout the Museum & Walter Jones Historical Park. Along the way, they will learn - in an age-accessible manner - about Florida's past, including the Pre-Columbian period when the Timucua Indians called Northeast Florida home, the Colonial and Statehood years, the U.S. Civil War, Emancipation & Reconstruction, 19th and 20th century industries, and more!

Children and chaperones are broken into groups and rotate through some or all of the following learning centers: Museum exhibits, the 1898 Schoolhouse for African American Children, the 1875 Farmhouse, the 1876 Barn, the Butterfly and/or Vegetable Gardens, and the Boardwalk.

Field trips last approximately 1.5 to 2 hours. Suggested arrival time is 10:30 am, but can be scheduled earlier or later. Following the program, students, teachers, and chaperones are welcome to picnic in Walter Jones Historical Park with their packed lunches.

Field trips are available Tuesday - Friday. Students and chaperones are \$7, teachers are free. **Title 1 Schools enjoy FREE admission for all students thanks to a generous donation from the John Wood Group.**

Schedule your field trip today by emailing **director@mandarinmuseum.org**!

About Mandarin Museum & Walter Jones Historical Park: Mandarin Museum is located in Walter Jones Historical Park, a 10-acre City of Jacksonville Park along the St. Johns River. Paved pathways wind through Mandarin's signature oak canopy, leading students to historic buildings and the riverfront. U.S. and Florida history comes to life through local stories. The park's nature and open spaces invite children to explore learning beyond the classroom. Gardens teem with life as hummingbirds, butterflies, vegetables, and blooms demonstrate our relationship to the environment.

Mandarin Museum & Historical Society is a nonprofit organization funded in part through a grant from the Cultural Council of Greater Jacksonville and the City of Jacksonville.

Kindergarten Florida State Standards at Mandarin Museum

Social Studies

SS.K.A – American History

- SS.K.A.1 – Historical Inquiry and Analysis
 - SS.K.A.1.2 – Develop an awareness of a primary source
 - **Learning Center:** Museum Exhibits
 - Artifacts, photographs, letters, paintings, and other documents and what they tell us about the past
- SS.K.A.2 – Historical Knowledge
 - SS.K.A.2.1 – Compare children and families of today with those in the past
 - SS.K.A.2.4 – Listen to and retell stories about people in the past who have shown character, ideals, and principles including honesty, courage, and responsibility
 - **Learning Center:** Museum Exhibits and Historic Buildings
 - 1898 Schoolhouse – how children learned then vs. now
 - 1875 Farmhouse – life in rural Northeast FL in the 1800s vs. life in Northeast FL today

Science

SC.K.L – Life Science

- SC.K.L.14 – Organization and Development of Living Organisms
 - SC.K.L.14.2 Recognize that some books and other media portray animals and plants with characteristics and behaviors they do not have in real life.
 - SC.K.L.14.3 – Observe plants and animals, describe how they are alike and how they are different in the way they look and in the things they do.
 - **Learning Center:** Museum Gardens, Boardwalk
 - Investigating Local Ecosystems
 - Observing animal habitats
 - Identifying plant and animals behaviors
 - Lifecycle of a Butterfly

SC.K.N – Nature of Science

- SC.K.N.1 – The Practice of Science
 - SC.K.N.1.2 Make observations of the natural world and know that they are descriptors collected using the five senses.
 - SC.K.N.1.5 Recognize that learning can come from careful observation
 - **Learning Center:** Museum Gardens and Boardwalk
 - Observe and recognize that plants and animals need water and food
 - Different types of habitats
 - Interdependence: relationship between plants and pollinators
 - Which flowers are best to plant in a flower garden based on environmental conditions

Visual Art

VA.K.C – Critical Thinking and Reflection

- VA.K.C.3 – The processes of critiquing works of art lead to development of critical-thinking skills transferable to other contexts
 - VA.K.C.3.1 – Identify vocabulary that is used in both visual art and other contexts
 - **Learning Center:** Museum Gallery

VA.K.S – Skills, Techniques, and Processes

- VA.K.S.3 – Through purposeful practice, artists learn to manage, master, and refine simple, then complex skills and techniques
 - VA.K.S.3.2 – Discuss the qualities of good craftsmanship
 - VA.K.S.3.4 – Identify and be respectful of artwork that belongs to others and represents their ideas
 - **Learning Center:** Museum Gallery
