Dear Educator,

Mandarin Museum is now scheduling field trips for the 2025-2026 school year! Our field trip program is designed around Florida State Standards for Social Studies, Science, and Visual Arts. We tailor each experience for every grade level, Kindergarten through 5th grade.

Our specially trained volunteer tour guides will take students throughout the Museum & Walter Jones Historical Park. Along the way, they will learn - in an age-accessible manner - about Florida's past, including the Pre-Columbian period when the Timucua Indians called Northeast Florida home, the Colonial and Statehood years, the U.S. Civil War, Emancipation & Reconstruction, 19th and 20th century industries, and more!

Children and chaperones are broken into groups and rotate through some or all of the following learning centers: Museum exhibits, the 1898 Schoolhouse for African American Children, the 1875 Farmhouse, the 1876 Barn, the Butterfly and/or Vegetable Gardens, and the Boardwalk.

Field trips last approximately 1.5 to 2 hours. Suggested arrival time is 10:30 am, but can be scheduled earlier or later. Following the program, students, teachers, and chaperones are welcome to picnic in Walter Jones Historical Park with their packed lunches.

Field trips are available Tuesday - Friday. Students and chaperones are \$7, teachers are free. **Title 1 Schools enjoy FREE admission for all students thanks to a generous donation from the John Wood Group.**

Schedule your field trip today by emailing **director@mandarinmuseum.org**!

About Mandarin Museum & Walter Jones Historical Park: Mandarin Museum is located in Walter Jones Historical Park, a 10-acre City of Jacksonville Park along the St. Johns River. Paved pathways wind through Mandarin's signature oak canopy, leading students to historic buildings and the riverfront. U.S. and Florida history comes to life through local stories. The park's nature and open spaces invite children to explore learning beyond the classroom. Gardens teem with life as hummingbirds, butterflies, vegetables, and blooms demonstrate our relationship to the environment.

Mandarin Museum & Historical Society is a nonprofit organization funded in part through a grant from the Cultural Council of Greater Jacksonville and the City of Jacksonville.
